The Choice of Luxury

"10 years have proved that a satisfied customer
is the best business strategy of all"

About PUtec

PUtec is the perfect integration of quality, design and innovation. We offer a wide portfolio of products including cornices, medallions, 3D wall panels, edges, frames and other architectural elements to help you design with distinction.

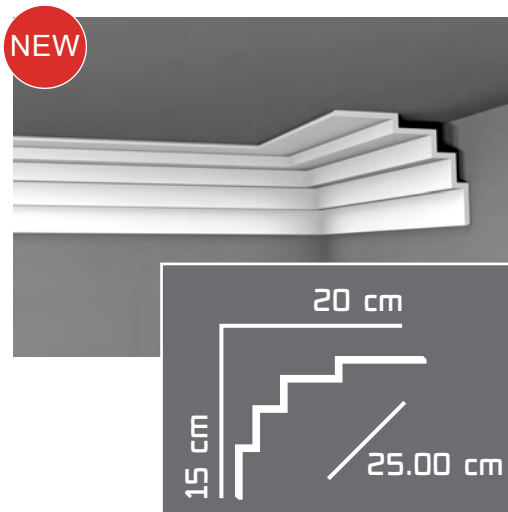

Whether you are a home owner looking to set your home apart or a professional who wants to make a statement, we can help you complete any architectural space and transform it from ordinary to extraordinary; at very competitive prices.

PUtec products are manufactured from Polyurethane with a high level of precision and impeccable detail. In meeting the highest international specifications for quality standards, we ensure that our products satisfy all customer needs.

Our team of experts will accommodate any custom design you challenge us to manufacture. Our staff is one of the most important assets; they are highly experienced and focused on providing the best quality and service; making us take the responsibility of being the leading manufacturers in Egypt.

REVOLUTIONARY INNOVATION TO WALL SKIRTINGS

Contour, made of hard and dense foam provides an ultimate upgrade to wood in many ways. It can be cut, nailed and installed yet doesn't crack, splinter or absorb moisture like wood. The innovative "Contour" is light weighted yet resilient and tenacious. It comes in different styles, colors and hence can be customized to perfectly fit your space.
